Thanks to those who have sent in the 2007 dues. You may have noticed that we have secured a new grass cutting contract that increased significantly due to insurance, but the grounds look very nice.

## **PROJECTS**

The project to landscape the 1083 entrance has been completed with new stones around the base of the new sign and plants repotted. The solar lights project will start soon.

## **OWNERSHIP/ADDRESS CHANGES?**

Please help the Association keep track of new ownership, changes of address and telephone number changes. Any address or telephone change should be directed to Board Member Judy Coker, (985) 893-0858.

## **FEMA Trailer Extensions**

St. Tammany Parish extensions for those needing to utilize trailers due to the loss of or damage to their homes from Katrina are still needed. Extensions are given by the Parish on a case-by-case basis, and they are giving as much information assistance as possible to those needing to rebuild. Currently there are no addresses within our subdivision with permit extensions listed on the Parish web site. Those living within the Grande Hills Estates Subdivision in trailers due to Katrina damage need to file an extension with the Parish and are requested to mail a copy to the Board to demonstrate the need to go against the By-Laws for our subdivision.
